Dear Children Service Council,

Thank you for the funds received on May 23, 2023, in the amount of \$2,500. Incubate Neighborhood Center is honored to receive this gift, for sponsorship for Juneteenth Freedom Block Party.

Our reason for existing is to revitalize poor communities. Funders like you make our work possible, to uplift families and put them on a pathway to upward mobility. As we strive to make a difference in Lincoln Park, I am extremely grateful for the support which provides opportunities to serve the community more effectively. This scheduled event is on point to transform our beloved City of Fort Pierce into a central hub of diversity, art, and live entertainment for families to enjoy.

As a trusted organization in our community, your involvement has highlighted the importance of recognizing the emancipation of enslaved people in America, celebrating the advancements of the Black community, and continuing to move forward toward a better, and equal future.

Together we can build something new!

Sincerely,
