Subject: Trauma Informed Care - TRUST program Update

Good afternoon Program Partners,

We had a wonderful suggestion from Ashley at the CSC, to resend the checklist of Trauma Informed

support that we have available to our CSC funded TRUST program partners.

I attached a copy of the updated checklist for you to review. For those of you who have already participated and implemented many of the options, I highlighted the new areas we have added or we have promoted since March of this year.

We have definitely been focused on providing weekly sessions on Wednesday on relevant topics as well as providing mental health consultation, sometimes weekly to some of the programs. We know our community is experiencing an increase in several factors that inhibit resiliency so we have designed the Resiliency in Uncertain times session that premiered in May at Coffee Connections. All of the options on the Checklist are currently available, just let me know what and when you would like to set any portion up for your staff. All of our options are available via zoom, TEAMS and Go to Webinar formats. We are not providing in person training or support because we are limiting the amount of in person contact for all aspects at this time.

Our most popular trainings right now are Compassion Fatigue, Resiliency and Implicit Bias. Dr. DuPont and I have made some finishing touches on a new training that is reflective and action oriented to address implicit bias and anti-racism topics. We will be providing this session internally at Tykes & Teens in the coming weeks to help our staff learn how to move forward related to racial injustice. It will be available beyond our agency in a few weeks.

Please call, text or email me with any questions or to schedule any aspect of the Trauma Informed items from the checklist.

We look forward to hearing from each of you to learn what is the next best step for you and your staff. Thank you to the ones that have been engaging on an ongoing basis through these uncertain times. We are certainly in this together! We are so happy to support all of you in the incredible programs you provide for the children in our community.

Take care,

Dorothy Oppenheiser
